Panel Discussion: All Speakers

In this symposium, we aim to first analyse the development of Applied Linguistics from the early years of a direct method to a communicative approach, defining the place of Content and Language Integrated Learning (CLIL) along the trajectory of change. It looks at CLIL as a driver for change and gives a critical analysis of the approach and its implementation. An important focus in this symposium is the use of English as Lingua Franca (ELF) in CLIL and English Medium Instruction (EMI). このシンポジウムでは応用言語学の歴史でのCLIL (内容言語統合型学習) の位置付けを行い、CLILとEMI (英語を媒介とした授業) において言語使用がどのように行われているかを探ります。このプログラムは公益財団法人教科書研究センター平成28~30年度教科書等調査研究委託事業の一貫として行います。
